Gridley High School
Gridley, Kansas

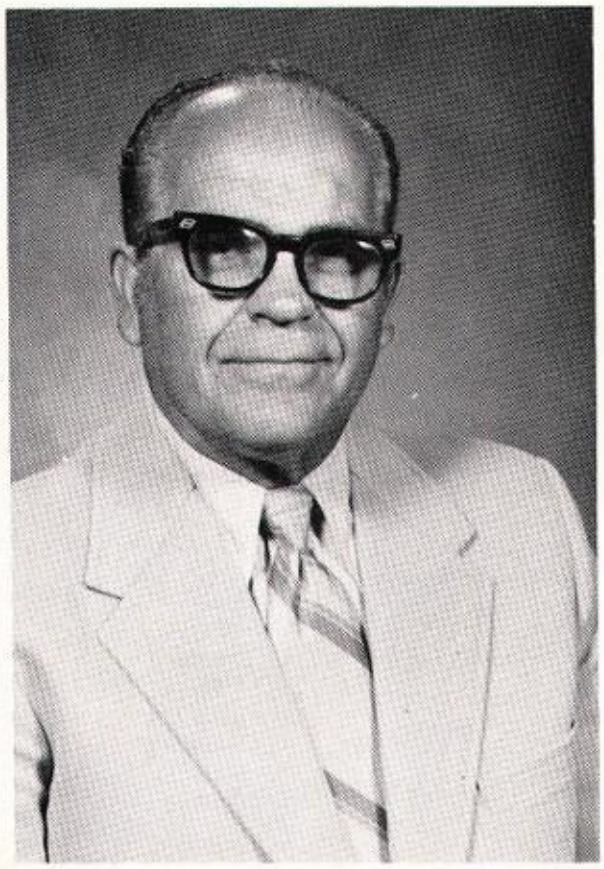
GRIDLEY HIGH SCHOOL

dedicates the 1973 Yellowjacket Yearbook to

Mrs. Waunita Norman

Mrs. Norman is a graduate of KSTC at Emporia, Kansas. She has a B.S. and M.S. in Business Education. She has taught at G.H.S. for 5 years. Through her leadership she has helped make our Yearbooks the greatest.

During the 1972-73 school year, Mrs. Norman has been kept busy by sponsoring the Annual as well as the Sophomore Class. She currently teaches all typing, bookkeeping, and office practice courses.



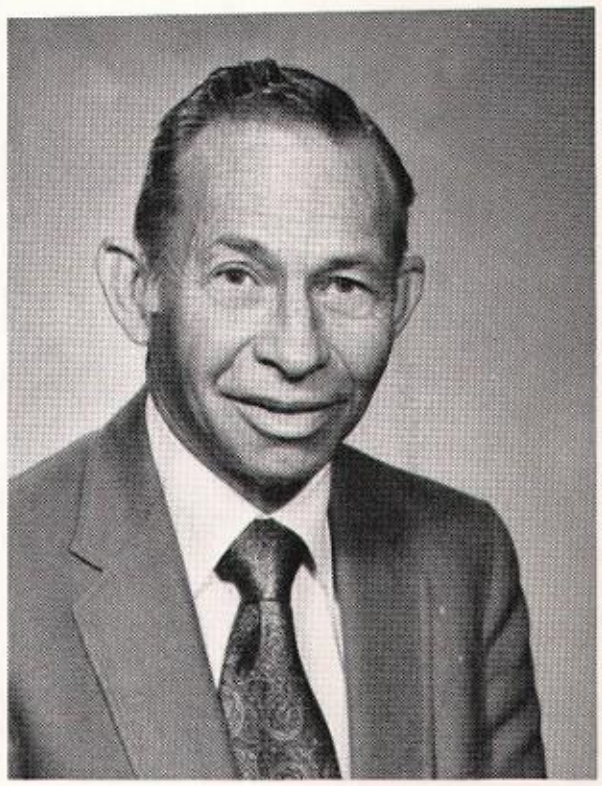
Administration

THE CHALLENGE IS THERE

In the future you may reminisce about experiences and challenges faced in high school. You may question, "Have I met my challenges and attained my goals?"

My message to you is this, "You may not achieve all of your goals, most of us do not, but it is of utmost importance that you attempt to, accept the challenge of working toward your goals. Let the goals be reasonable and of your decision, not the choice of someone else."

You have been and will be confronted with many challenges in the completion of your education. Make every effort to achieve your goals. The challenge is there, will you accept it? THIS DECISION WILL BE ONE OF THE MOST IMPORTANT THAT YOU WILL EVER MAKE!" Raymond L. Schofield, Superintendent



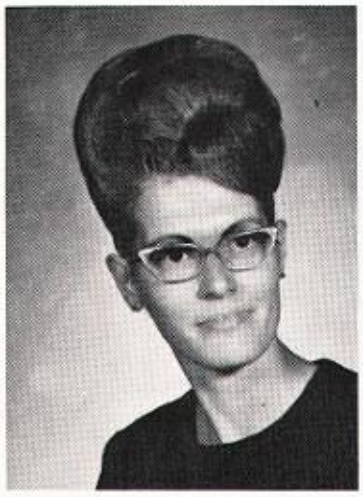
EDUCATION IS THE FRAME OF DEMOCRACY

A good educational system is an asset to any community. The Gridley School takes pride in presenting to the youth a quality of education that will help youth in becoming worthy citizens in a free democracy.

Each of you have been given a tool kit (mind and hands) and have been taught how to use the kit. How will you use it? I hope, to build a better society for the future. . . . M. E. Culbertson, Principal

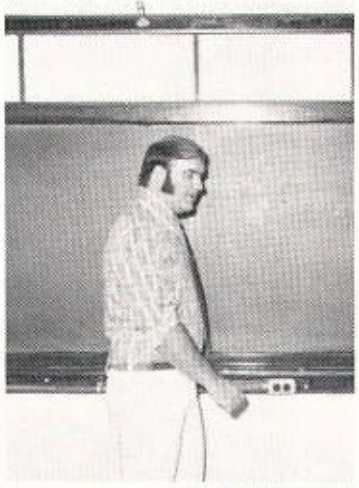
SCHOOL BOARD

Mrs. Doris Trostle, LeRoy; Mrs. Jane Mudge, Gridley; William Parmely, LeRoy; Sherman Houston, LeRoy; Arnold Kraft, President, Gridley; Max Osborn, Gridley; and Robert Varvel, LeRoy (not pictured).



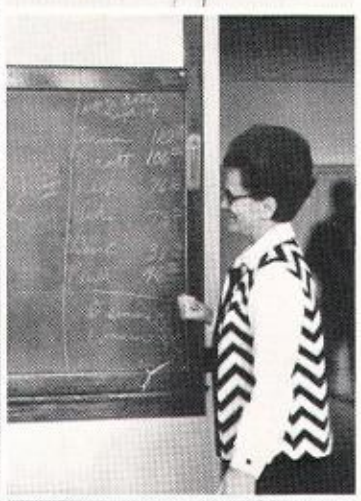
Mrs. Ann Lafferty, BSE, KSTC
Home Economics, Jr. Co-Sponsor

The main purpose of the Home Economics Department is to prepare a girl to be a better homemaker and to be able to adjust to our changing society. Four years are taught; each year goes deeper into each area of study.



Mr. William Strawn, BSE, KSTC
Mathematics, Jr. Co-Sponsor

It has been said that mathematics is used in every occupation. For the average person, it is necessary to understand percents, decimals, etc. so one can survive in today's world. It is hoped our students will have enough math to function in everyday living.

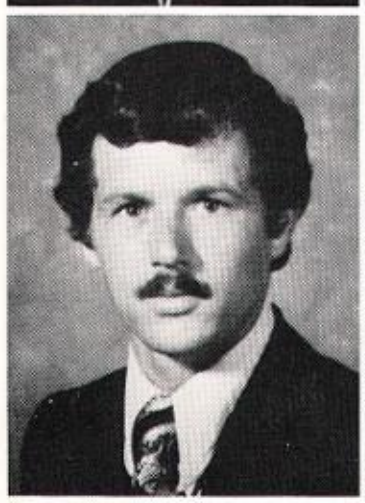


Mrs. Waunita Norman, BS, MS, KSTC
Business Education, Yellowjacket Sponsor, Soph. Co-Spon.

Business is related to all facets of our complex life. With an appreciation for the dignity of work, the business department aims to improve students' career opportunities. Learning to make one's own livelihood and then to manage that livelihood is another aim.

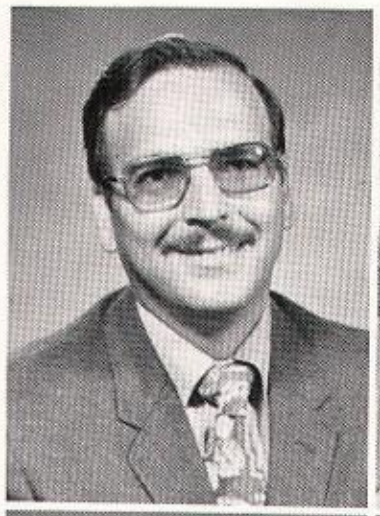
Mr. Paul Book, BS, MS, KSC Pittsburg
Industrial Arts, Sr. Co-Spon.

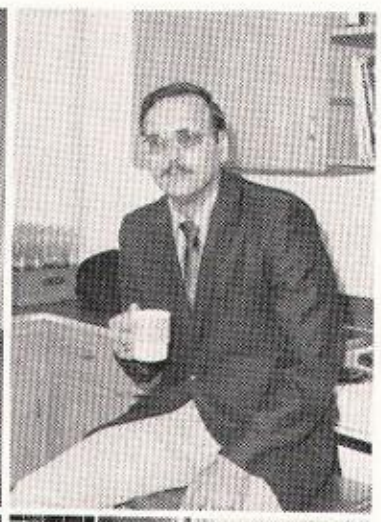
Mr. Book teaches industrial education and drivers ed. in the high school. "In industrial arts, I stress the fact that you need to be good at everything you do in industry. In drivers ed., I show the student that every time he drives it is a test."



Mr. James Ochs, BS, Ft. Hays State
Sciences, Jr. Co-Sponsor

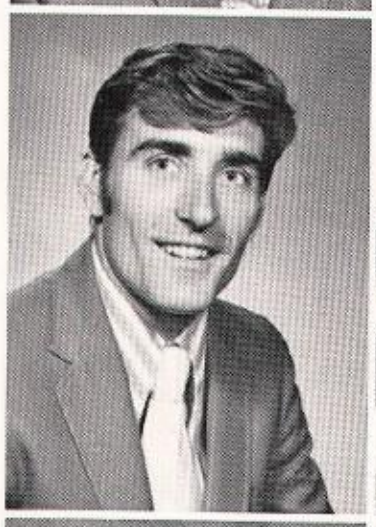
The "Changes" which have occurred recently in the sciences have been phenomenal. It is therefore the purpose of the science department to acquaint the student with those scientific principles and laws which govern his daily activities and to create an understanding of their applicability to him.





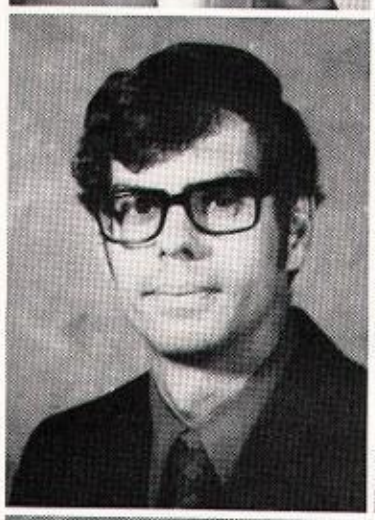
Mr. Peter Zwall, BS, William Jewell College
Music, Sr. Co-Sponsor

Mr. Zwall instructs vocal and instrumental on the secondary and elementary level. In Music Appreciation, he teaches Music History, conducting, and listening. The aesthetic value of music is very important in molding a student's character for future community services.



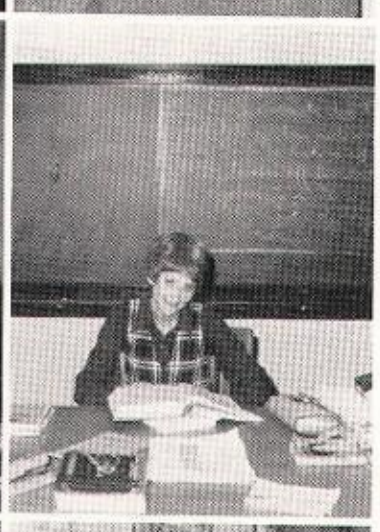
Mr. Mike Ritzel, BA, Ottawa University
P.E., Psychology, Freshman Co-Sponsor, and coaches the girls and boys sports.

Coach Paul "Bear" Bryant of Alabama best exemplifies a coach's feelings with this statement: "Quitting comes easy for most people . . . The boy or girl who sets his mind to do what is required of him in order to be a winner will become a winner not only on the football field or basketball court, but in life itself."



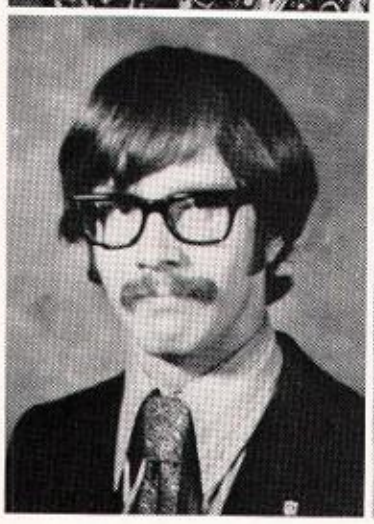
Mr. Ray Anderson, BSE, KSTC
Social Science, Stuco and Fresh. Co-Sponsor

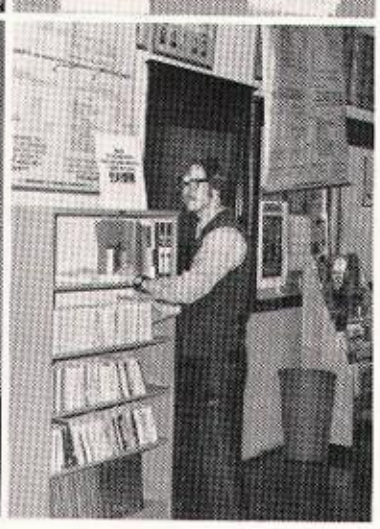
The social sciences in high school today are responsible for producing the good American citizen by helping the student understand his responsibilities in society and by helping the student to appreciate those responsibilities.



Mrs. Linda Berube, BA, Ottawa University,
English, Sophomore Co-Sponsor

English has always been a part of school curriculum because it is the language we speak. In teaching English, the first aim is to make the students aware of the value of communication. They must be able to speak, listen, write, and understand what others have written.





Mr. Joe Cantlin, BSE, Southwest Missouri State
Librarian

A library has something for everyone--all interest groups--all ages. Once a person learns to use the library correctly, he will open the door to many hours of enjoyment for himself.

Senior Wills

I, Rick Young, will the broom that I stole from the wicked witch of the West to Mrs. Berube. You may need it when the Pinto wears out.

I, Sam Williams, will my sage and sane driving ability to my Drivers Ed. teacher, Paul Book.

I, Rex Williams, will my middle name "Morris" to Rita Moore. Now you can be Rita Morris Moore.

I, Phil Strahm, will my French accent to Diana Luthi. Now no one will be able to understand you.

I, Sally Snovelle, will my fingernails to Diana Luthi. Now, Diana, you can grow them longer than I did.

I, David Schneider, will my ability to get the exact scores on my metal work-book as Rex, Richard, Sam, Rob, Dave G., Phil, and Mike. Poor Paul--still hasn't figured it out.

I, Dave Guisinger, will all the teachers to the funny farm in the sky.

I, Dale Eccles, will my job of always being injured to Gary Beyer. Knees seem to be our specialty.

I. Robert Blank, will my 1966 Chevelle to Danny Beyer. Have fun pulling it around and watch those "U" turns.

I, David Birk, will my great ability (Ha! Ha!) to get along with all teachers of G.H.S. to who ever may need it.

I, Richard Beyer, will "nothing to no one." That way it won't take me long to think of something funny to will.

I, Jana Beyer, and I, Teresa Book, will the empty cans of deoderant on the top shelf in the girls dressing room to the freshman girls. Hope you get as much use out of them as we did.

I, Paula Bahr, will my typewriter eraser to Barbara Kraft and Lynne Raaf. Hope you don't have to use it as much as 'we' did this year.

I, Mike Bahr, will my little red devil, which I inherited from Leland Kraft, to Danny Beyer. Build him a new house and keep him safe and warm.

We've Got Spirit!

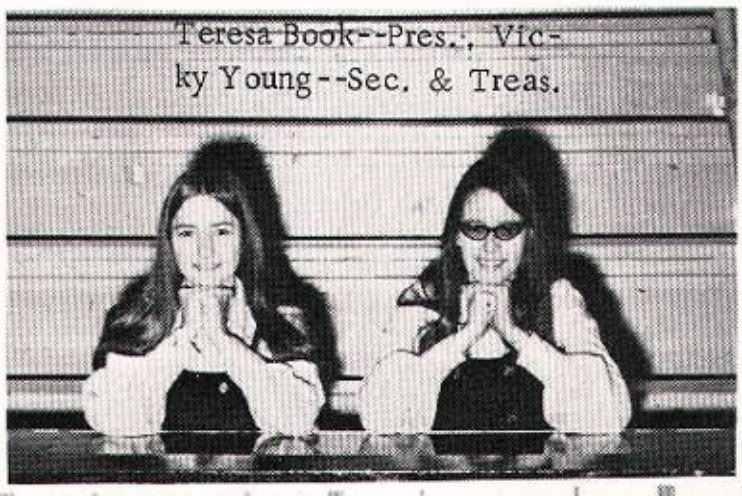
Cheryl--'75 Dee Ann--'76 Brenda--'74 Diana--'74 Jana--'73, Head Cheerleader

The Gridley cheerleaders Jana Beyer (Head), Diana Luthi, Brenda Kraft, Cheryl Osborn, and Dee Ann Kraft, attended NCA Cheerleading camp at Rock Springs during July. The cheerleaders received an Honorable Mention, an Outstanding, and two Superior ratings. To receive Superior ratings was a high honor. It included spirit, leadership, cooperation, and poise.

The cheerleaders prepare skits, cheers, and pep talks for assembles. A giant spirit stick was made by the cheerleaders to create extra school spirit.

Yelling Yellow Jackets

WE back our team.
we BACK our team.
we back OUR team.
we back our TEAM.
WE BACK OUR TEAM!



Teresa Book--Pres., Vicky Young--Sec. & Treas.

We've done it before.
We'll do it again.
Come on Jackets WIN!

Two Mile	D. Schneider	10:44.0
Mile Relay		3:36.1
(R. Beyer, G. Dyke, T. Kraft, D. Guisinger)		

NEW RECORDS IN GIRLS TRACK

Shot Put	Terri Moore	30'8"
Discus	Terri Moore	94'8"
Softball Throw	Terri Moore	177'0"
880 Run	Carol Wyble	2:53.0
50 Hurdles	Diana Luthi	8.05
100 Hurdles	Diana Luthi	16.3
880 Medley Relay		2:06.5
(Roselle Beyer, Terri Book, Diana Luthi, Carol Wyble)		

BOYS TRACK

The Boys Most Valuable Player award for boys track went to Dave Guisinger. Dave also won the M.V.P. awards in Football & Basketball. Dave ran the 440 dash and established a new record in the event at 52.2 seconds. Dave also established a new school record in the high jump with a jump of 5'10". In addition Dave anchored the mile relay which established a new record of 3:36.1.

The Boys Hustle Award went to Dave Schneider. Dave ran the two-mile event, he established a new record at 10:44.0.

GIRLS TRACK

The Most Valuable Player Award for Girls Track goes to Terri Moore. Terri established school records in the discus, shot put, and softball throw. Terri was the only trackster that represented Gridley in the State Track Meet at Wichita. Terri qualified for the State Meet in both the discus and softball throw.

The Hustle Award for Girls Track went to Roselle Beyer. Roselle's hard work and individual effort was an inspiration to the rest of the team all year.

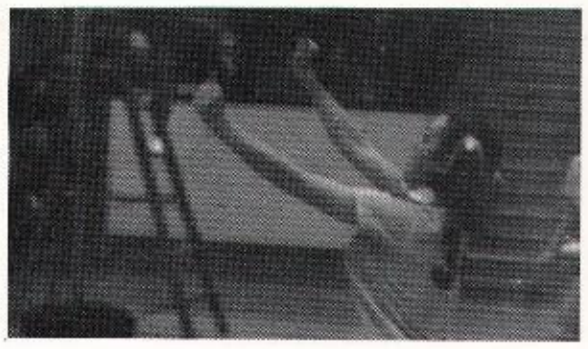
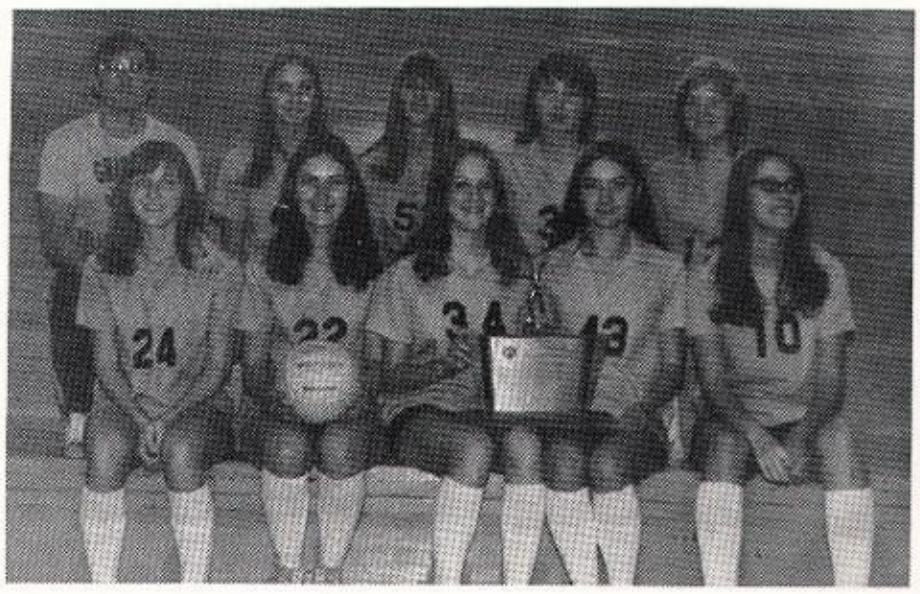
Teresa Book



Jana Beyer

The Gridley Girls Athletic Program is designed to involve as many girls as possible. We strive for excellence as well as participation. Our objectives are to develop the personal qualities that not only make us a winner in the game, but also to develop the character, determination, and stick-to-it-ness that well enables us to become winners in the game of life itself. These fine young ladies who participate in our athletic program are developing, these qualities to their fullest. On these pages are some of our finest moments as well as some of our most disappointing, but no matter what the outcome of each contest we entered, we know that despite the odds or the conditions, we gave it our best effort possible.



ROW ONE: D. Kraft, T. Book, J. Beyer, T. Book, V. Young. ROW TWO: Coach Ritzel, R. Beyer, D. Mozingo, T. Moore, D. Kraft, (not picutred) D. Luthi.

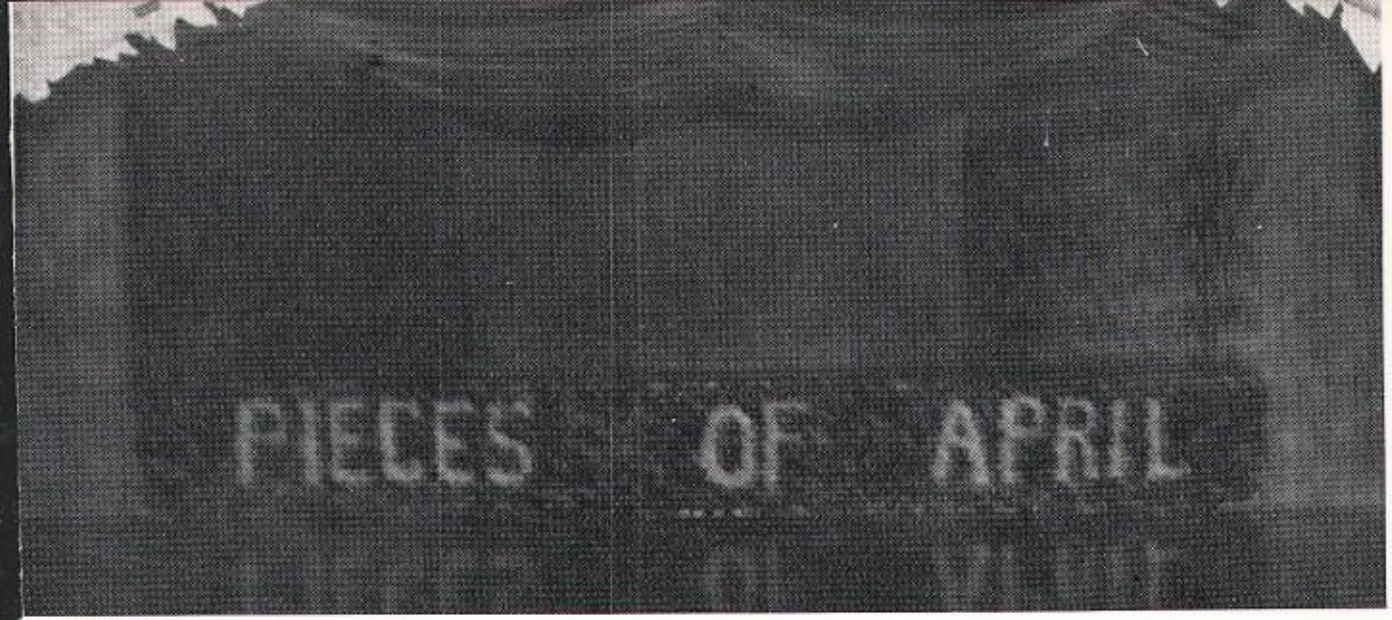
PIECES OF APRIL

Memories of the 1973 prom theme "Pieces of April" will always linger in the minds of Juniors and graduating Seniors, as a perfect end to the 1972-73 school year.

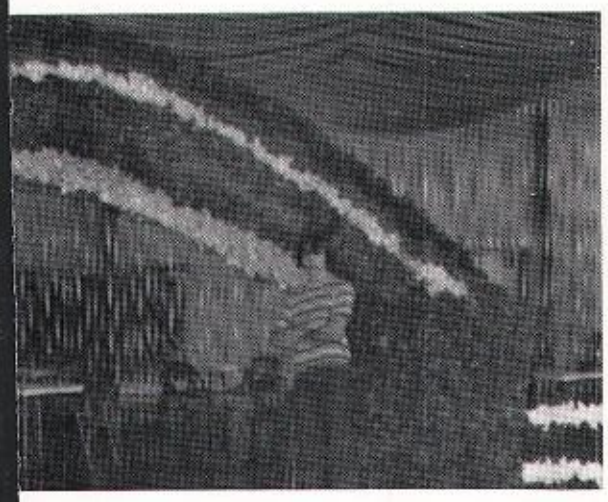
The evening started with a banquet, cooked by Junior mothers, with Denise Beyer providing the theme song as entertainment.

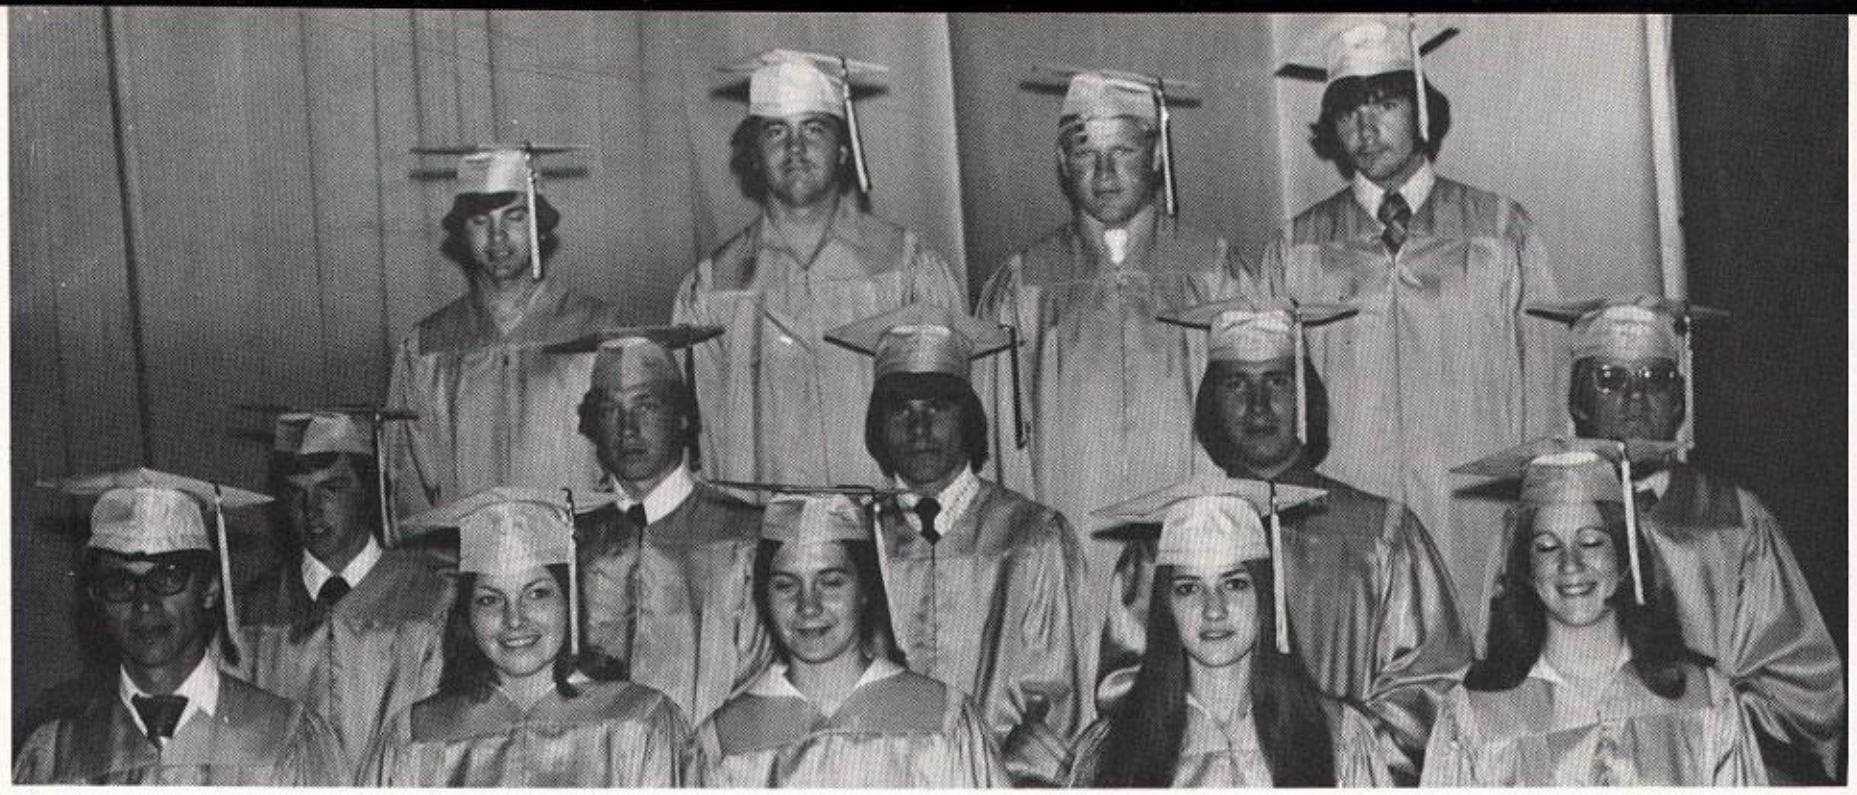
Under the arch of the rainbow, the couples danced to the music of "The Mood."

The movie, "The Red Sun" and a breakfast cooked by the Booster Club provided a perfect end to the perfect evening.



PIECES OF APRIL





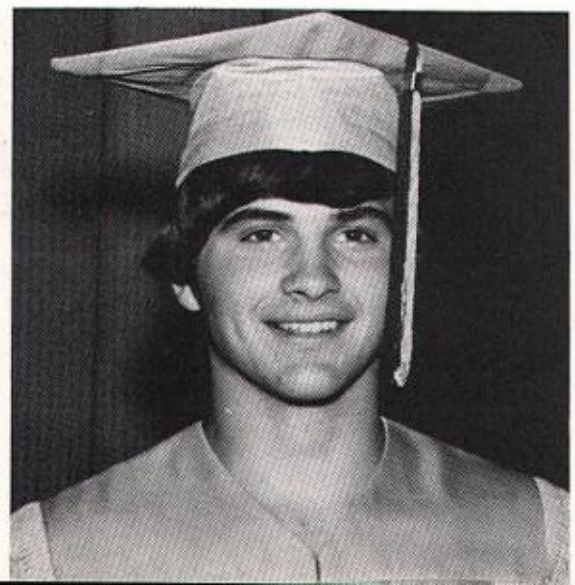
Co-Salutatorian, Richard Beyer

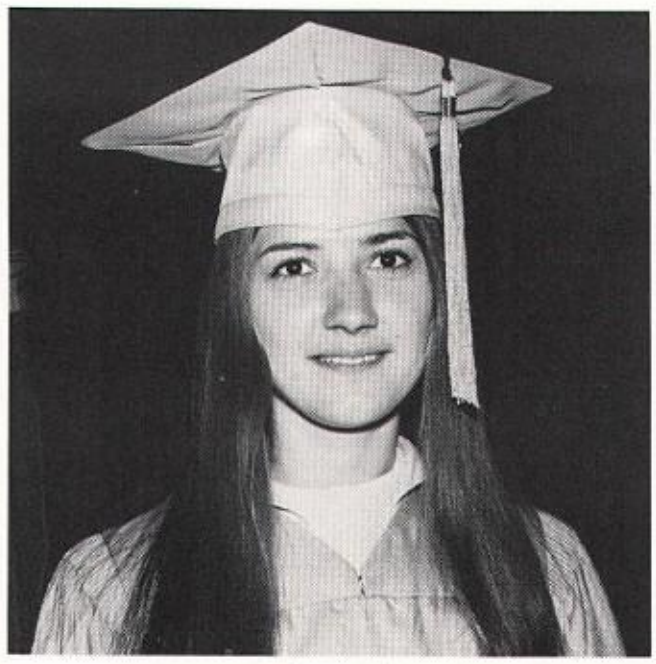
Tonight we are beginning another phase of our lives, after 12 years of schooling. During these 12 years of school, we have been preparing to go into the world and choose our different careers. Some of us will seek more formal knowledge in colleges and others will begin their careers now.

In this second phase of our life, we must choose the career that suits us best. We will have big decisions to make that will alter our lives greatly in one way or another. We will be on our own and will not have others to make decisions for us. We must use our knowledge and choose the best decision.

No matter what we choose to do, we must always try to be a better person; morally, physically, and mentally. We will probably face good times and bad times. We must put what we have learned into good use so that we may cope with life's situations.

We will remember school activities, the football and basketball games that were won and lost. We will remember the people who have helped us make the first 12 years of learning start us in the right direction. And now, most of all I want to thank our parents. They seem to do so very much to help us. Thank-you.





Teresa Book, Valedictorian

Commencement tonight will mark a new beginning for some of us as we go to further our education in college, vocational technical school, the armed services, marriage, or some vocation.

We young people have many problems to face and to solve and it is up to us to thoroughly look at each problem and seek the best possible solution.

We can face these problems with the basic information we already have or by seeking professional advice. We can solve some problems by having a background of many work experiences. One of the biggest problems facing young people is, "how to get along with people." This can be accomplished by having pride in ourself and strong character points such as being friendly, sincere, honest, helpful, courteous, and reverent.

I am proud to have gone to Gridley High School and to have been associated with the community. I am proud to live in the greatest Nation in the world. I am proud to be an American, proud to be able to wake up in the morning without fear, and proud that I have a God-fearing loving Mother and Father who raised their children to be law-abiding citizens. I am proud that I can worship God in the church of my choice and of the men of our country who were willing to give their lives in defense of our way of life. Proud to know that every child in America has the right to an education and to be whatever he wants to be. Proud of the young people of our Nation who, but for a few, are fine upstanding citizens.

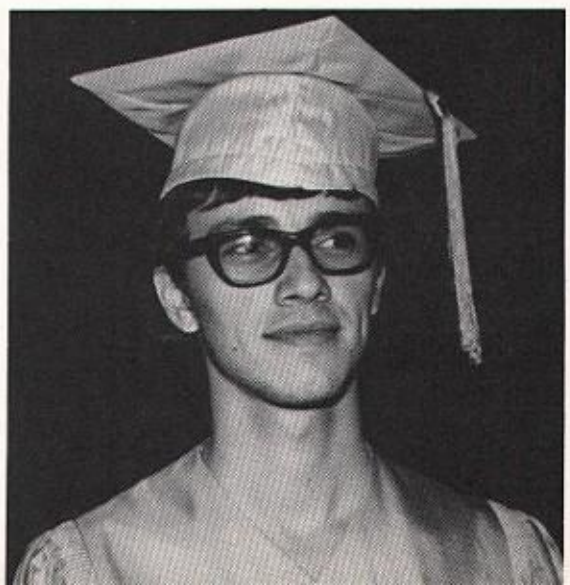
On behalf of the Senior Class of Gridley High School, I say, "thank you" administrators, teachers, parents, and friends for all the help you have given us to make us better individuals.

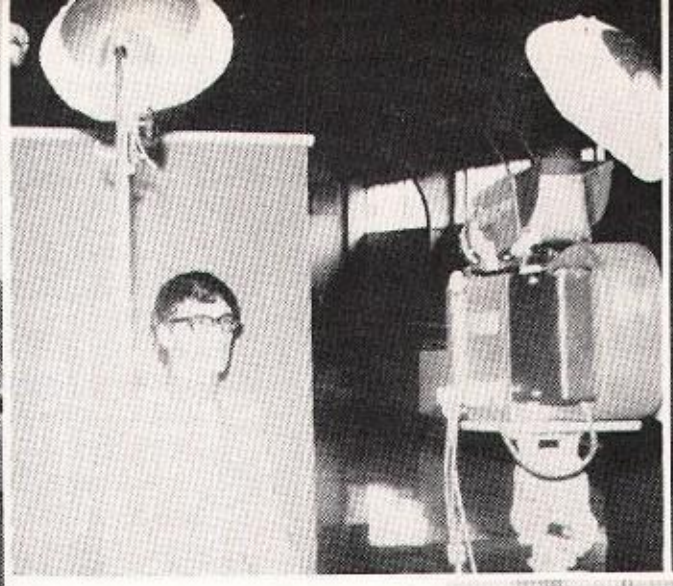
Co-Salutatorian, Rick Young.

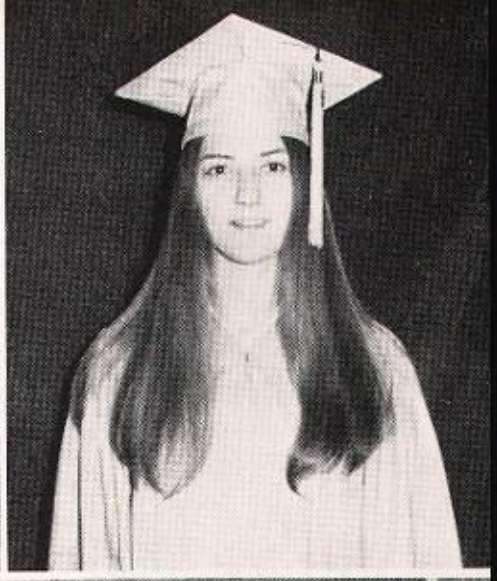
I would like to start this whole dreadful duty of making a speech by saying a special thank you to our parents, the faculty members, and anyone else connected with Gridley High School. They toil away at one of the toughest jobs in the world: trying to pound new ideas into the heads of young people who think they know enough already.

Since the start of the First Grade, we've been pushed along by our teachers in the hope that someday we'll amount to something. In one way or another, we all do, but while in Grade School, there's always an idea or dream that someday we would all be scientists, inventors, or doctors. As the years went by and we made our way through elementary school, the teachers realize that the interests of each student are much different and that maybe each individual doesn't want to be a professional man. Some of us decide that we want to be farmers or mechanics or maybe something else along that line. When we reached high school we found that we were no longer pushed along as a group but could pick the courses that we wanted and would need to further develop ourselves so as to find work in this busy world today. We find that we cannot always pick the courses we want due to conflicting schedules. We usually got one worked out that suited us pretty well. Well, as you all know, we make the teachers suffer through most of the year but really there are as many good moments to remember as there were hard times.

A person is born with certain traits, good and bad, and it takes the school and its personnel to bring these out into the open. The school helps develop a person's character, integrity, honesty, and most of all, the art of being himself or herself. I'm happy that I have been a part of this school and am very, very glad that I have been honored by it as a salutatorian. Thank you.







I know
that you believe
you understand
what you think I said,
but,
I am not sure
you realize
that what you heard
is not
what I meant!
